GC23/1 Cryptoasset financial promotions:
Guidance for firms

Consultation Paper

FCA
June 2023

Response from
The Payments Association
August 2023

Introduction

The Payments Association welcomes the opportunity to contribute to the FCA Consultation Paper “GC23/1 *Cryptoasset financial promotions: Guidance for firms*”.

The community’s response contained in this paper reflects views expressed by our members and industry experts recommended by them who have been interviewed and who are referenced below. As The Payment Association’s membership includes a wide range of companies from across the payments value chain, and diverse viewpoints across all job roles, this response cannot and does not claim to fully represent the views of all members.

We are grateful to the contributors to this response, which has been drafted by Riccardo Tordera, our Head of Policy & Government Relations. We would also like to express our thanks to the FCA for their continuing openness in these discussions. We hope it advances our collective efforts to ensure that the UK’s payments industry continues to be progressive, world-leading, and secure, and effective at serving the needs of everyone who pays and gets paid.

Director General
The Payments Association

Members’ “responses to the questions” set out in the consultation:

Our Industry Working Groups that focus on regulatory development and digital currencies, having seen the latest draft produced by CryptoUK, are broadly supportive of its content and have decided to endorse CryptoUK’s response.

About The Payments Association

The Payments Association (previously the Emerging Payments Association or EPA) is for payments institutions, big & small. We help our members navigate a complex regulatory environment and facilitate profitable business partnerships.

Our purpose is to empower the most influential community in payments, where the connections, collaboration and learning shape an industry that works for all.

We operate as an independent representative for the industry and its interests, and drive collaboration within the payments sector in order to bring about meaningful change and innovation. We work closely with industry stakeholders such as the Bank of England, the FCA, HM Treasury, the Payment Systems Regulator, Pay.UK, UK Finance and Innovate Finance.

Through our comprehensive programme of activities for members and with guidance from an independent Advisory Board of leading payments CEOs, we facilitate the connections and build the bridges that join the ecosystem together and make it stronger.

These activities include a programme of monthly digital and face-to-face events including our annual conference PAY360 and PAY360 Awards dinner, CEO round tables and training activities.

We run seven stakeholder working Project groups: Inclusion, Regulator, Financial Crime, Cross-Border, Digital Currencies, ESG and Open Banking. The volunteers within these groups represent the collective view of The Payments Association members at industry-critical moments and work together to drive innovation in these areas.

We also conduct exclusive industry research which is made available to our members through our Insights knowledge base. These include monthly whitepapers, insightful interviews and tips from the industry’s most successful CEOs. We also undertake policy development and government relations activities aiming at informing and influencing important stakeholders to enable a prosperous, impactful and secure payments ecosystem.
